

POLICY STATEMENT

TITLE:	Compliments, Concerns and Complaints
INTRODUCTION/ OVERVIEW:	The College welcomes compliments, concerns and complaints from all members of the College community and from the general public. It will use this process to improve its service to its students and the wider communities in which it exists.
POLICY STATEMENT:	<p>Northampton College is committed to the continuous improvement of the services it provides.</p> <p>It is also recognised that there are many instances where we deliver exceptional service and compliments are welcome. Good practice will be shared across the College teams.</p> <p>We realise that, occasionally, mistakes will be made or the service offered will not meet an individual's requirements or expectations. However, we anticipate that most concerns will be resolved quickly by an informal approach to the appropriate member of staff.</p> <p>It is the College policy that all complaints made against the College or the services it offers should be:</p> <ul style="list-style-type: none"> • treated seriously and in an open manner • acknowledged within two teaching days in writing • investigated by a manager • resolved, wherever it is reasonably practicable, within three teaching weeks. • used as feedback to improve the service which the College offers <p>This policy applies to all students and visitors to the College, including contractors working on the College site.</p>

QUALITY STATEMENTS:
LINKED POLICIES/ PROCEDURES:

- The College expects that every effort will be made to resolve the issue locally through discussion and agreed actions in the first instance. Where this is not possible or does not result in satisfactory resolution, the complaint should be submitted to the Quality Office
 - The College usually expects complaints to be made by the person concerned. However it will consider complaints made by a student's parent or advocate. To comply with the Data Protection Act permission will be sought if the complainant is over 18
 - The Quality Office will send the complaint to the relevant manager who will respond via an appropriate channel explaining what has happened as a result of the complaint. Where this involves a member of staff, specific detail of action taken will not be made available. This is to ensure that our employees are afforded appropriate dignity at work
 - Compliments, concerns and complaints can be made by e-mail, post or by completing one of the "Tell us how we are doing" forms provided by the College reception
 - All compliments, concerns and complaints will be fed into the Course Review system for discussion and actions if appropriate.
 - Compliments, concerns and complaints will be reported to appropriate College groups on a termly basis

Complaints Procedure

Stage 1 - Informal

If you have a complaint, you should take it up in the first instance with the member of staff directly concerned. This is often best done verbally and informally, although you may present your complaint in writing if you wish.

When a complaint is received in the Quality Office either written, email or via a telephone call, it will be assessed as to who is the best person to handle the complaint and they will be asked to deal with it. This will normally be the manager of the particular school or department involved in the complaint.

Informal procedures endeavour to stop problems before they develop into more serious issues and offer a swifter solution for all parties.

Where the issues raised affect a number of students, those students can submit a complaint as a group complaint. In such circumstances, in order to manage the progression of the complaint, we may ask the group to nominate one student to act as group representative. Northampton College may deal with the representative only and expect the representative to liaise with the rest of the group.

The manager will attempt to resolve the issue by exploring the complaint and relaying the outcome back to the complainant.

The Quality Office will record the complaint and the outcome in the Informal Complaints Log.

All complaints will be reviewed termly by the Quality Office who will be identifying any themes that are emerging or procedures/systems that need reviewing.

Most complaints do not progress beyond this initial stage. However if a complainant is still unhappy with the outcome and a further complaint is received, the formal stage can be evoked.

Stage 2 - Formal

A formal complaint is normally appropriate when initial attempts have failed (see above) or the situation is deemed to be serious. Formal complaints must be made in writing either by e mail, letter or the Complaints Form in Appendix B.

When a formal complaint is received in the Quality Office it is logged and a letter of acknowledgement is sent to the complainant within five teaching days.

It is important that the details listed are as follows:

- Your name (a complaint will not be investigated if it is anonymous)
- How you may be contacted
- The general nature of your complaint
- The specific substance of your complaint (including names, dates and documentary evidence where relevant)
- Details of the action you have taken under the informal stage, and the outcome, reason for your dissatisfaction and any proposals you may have for its satisfactory

resolution

The complaint will be referred to the appropriate manager who will investigate the complaint. Once an investigation is completed the complainant will receive a final written response from the assigned manager with a copy sent to the Quality Office within three teaching weeks informing them of the outcome¹.

Stage 3 - Review

If the complainant is not satisfied with the response from Stage 2, Stage 3 of the procedure may be instigated within ten working days of the outcome at Stage 2.

A request for review may be brought under the following limited grounds:

- A review of the procedures followed at Stage 2
- A consideration of whether the outcome was reasonable; or
- New material evidence which the complainant was unable, for valid reasons, to provide earlier in the process

The appropriate Assistant Principal will review the complaint but will not usually consider the issues afresh or undertake further investigation unless new material evidence is submitted. The Assistant Principal will respond in writing within three teaching weeks with a copy to the Quality Office.

Stage 4 - Appeal

In exceptional circumstances the complaint may be elevated to the Deputy Principal. This appeal must be made in writing to the Quality Office within fifteen working days of the decision at Stage 3. The appeal must state why the complainant is not satisfied with the outcome of the decision at stage 3. Any decision made at this stage is final.

The Education and Skills Funding Agency ESFA may be contacted if you feel the complaint has not been resolved.

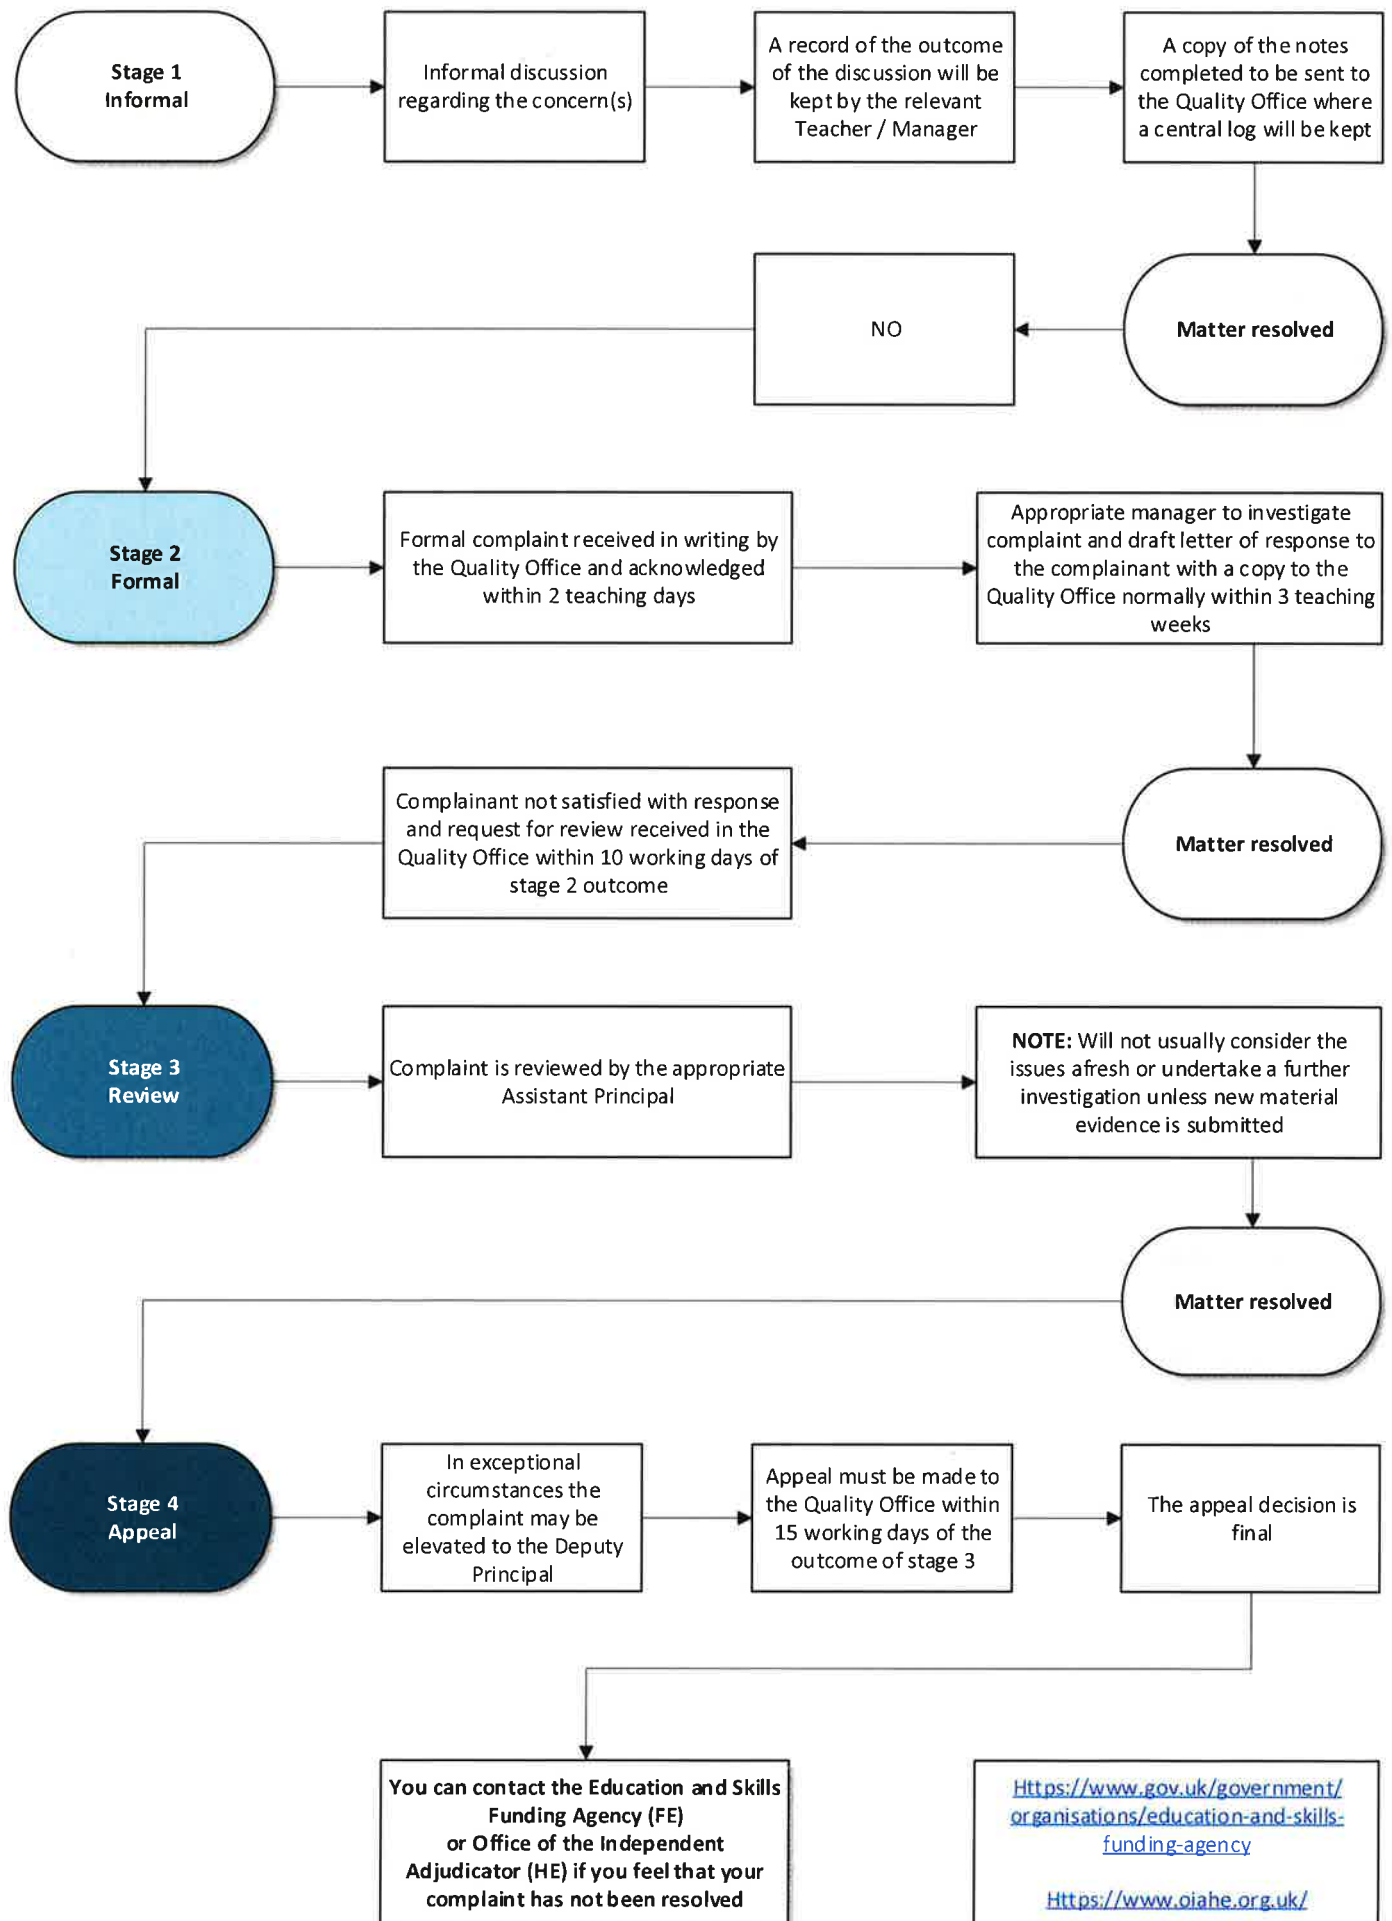

<https://www.gov.uk/government/organisations/education-and-skills-funding-agency>

If you are a Higher Education student and don't feel that your complaint has been resolved, you may contact the Office of the Independent Adjudicator.

¹ This may take longer in non-term time or the investigation may take longer to resolve

The word 'policy' is taken to include strategies, policies, procedures and guidance notes; formal and informal, internal and external.

The Impact Assessment may be carried out on any policy, service, function or plan you are engaged in, or are about to commence. All policies should be clearly stated. However, in reality, some policies are built into everyday procedures and customs, therefore not all policies are open to inspection and review. 'Functions' means your duties and powers and includes internal and external functions, including service delivery.

3. **Some impact** – Where a policy might disadvantage any of the protected characteristics groups to some extent. This disadvantage may be also differential in the sense that where the negative impact on one particular group of individuals with protected characteristics is likely to be greater than on another.
4. **Substantial impact** – Where you think that the policy could have a negative impact on any or all of the protected characteristics. This disadvantage may be also differential in the sense that the negative impact on one particular protected characteristic is likely to be greater than on another.
